Dear Esteemed Partner,

Wishing you Happy Holidays and an amazing New Year from Indiana University of Pennsylvania ([www.iup.edu](http://www.iup.edu))! We're about to close for the Winter Break and I wanted to share some good news.

It is my pleasure to inform you of a new, reduced tuition rate for all official IUP international partners. Not only has the tuition rate been reduced, but we are also extending this new tuition rate to:

- all academic disciplines,
- all academic levels (undergraduate and graduate), and
- both non-degree and degree-seeking students.

This new tuition rate is only 10% above the in-state, Pennsylvania tuition rate. This is a large tuition reduction for our strategic international partners, and we believe, reflects our commitment to our partners and residents of the Commonwealth of Pennsylvania to globally enrich IUP.

An overview of the cost attendance for undergraduate and graduate international students is attached and more detailed information on tuition and fee rates can be found on the Office of Student Billing webpage:

- Undergraduate Tuition and Fees – <https://www.iup.edu/student-billing/tuitionfees/undergraduate.html>
- Graduate Tuition and Fees – <https://www.iup.edu/student-billing/tuitionfees/graduate.html>

We believe reducing the tuition rate for our strategic international partners is one step to revitalizing our internationalization efforts and enriching the lives of IUP students.

A list of current undergraduate academic programs is attached as is an IUP brochure.

Please feel free to direct any questions to IUP's Office of International Education (OIE – [www.iup.edu/international](http://www.iup.edu/international)) and as always, continue to work with the OIE on ways to deepen our relationship through mobility, grants, research, virtual engagement, and more.

We deeply appreciate our relationship with your institution. Please come and visit IUP soon!

With warm regards,

Michele L. Petrucci, Ph.D.

Associate Vice President: International Education and Global Engagement

Executive Director: American Language Institute

[Indiana University of Pennsylvania](http://www.iup.edu)
